

“EMAUX” MER Series Basket Strainer

A ROBUST AND DURABLE PREFILTER

For swimming pool, aquatic park, aquarium & zoo, and water treatment. Commercial basket strainer is designed to install with Emaux SWP series FRP pump to give the best performance of the water circulation system. The basket strainers are applicable in both saltwater and freshwater system.

STOPS LARGE SOLIDS

The basket strainer comes with a heavy-duty PVC basket that perform as a pre-filter for the pump. It is typically installed prior to the pump to filter the relatively big solid impurities to protect the pumps, meters, and valves.

FEATURES

- Molded FRP body for structural strength and corrosion resistance.
- Engineered for low-pressure drops making it an excellent choice for pump suction applications.
- Heavy-duty hardware and components.
- Transparent sight-glass window installed on lid
- Max operating pressure 36 psi (2.5 bar)
