

HARVIA "HARVIA" Cilidro Series Commercial Sauna Heaters

The Cilindro Pro electric heater gives off hearty steam in a family sauna, but the superior features of the heater are especially beneficial to commercial saunas, hotels and housing companies, for example. The impressive tall pillar heater contains a massive amount of stones, and the robust heat elements are designed to withstand long operating times. This guarantees plenty of hearty steam for large groups of bathers. When you want the most out of your heater, choose the professional quality of the world's largest sauna heater manufacturer.
